Subject: Shocking pictures from London

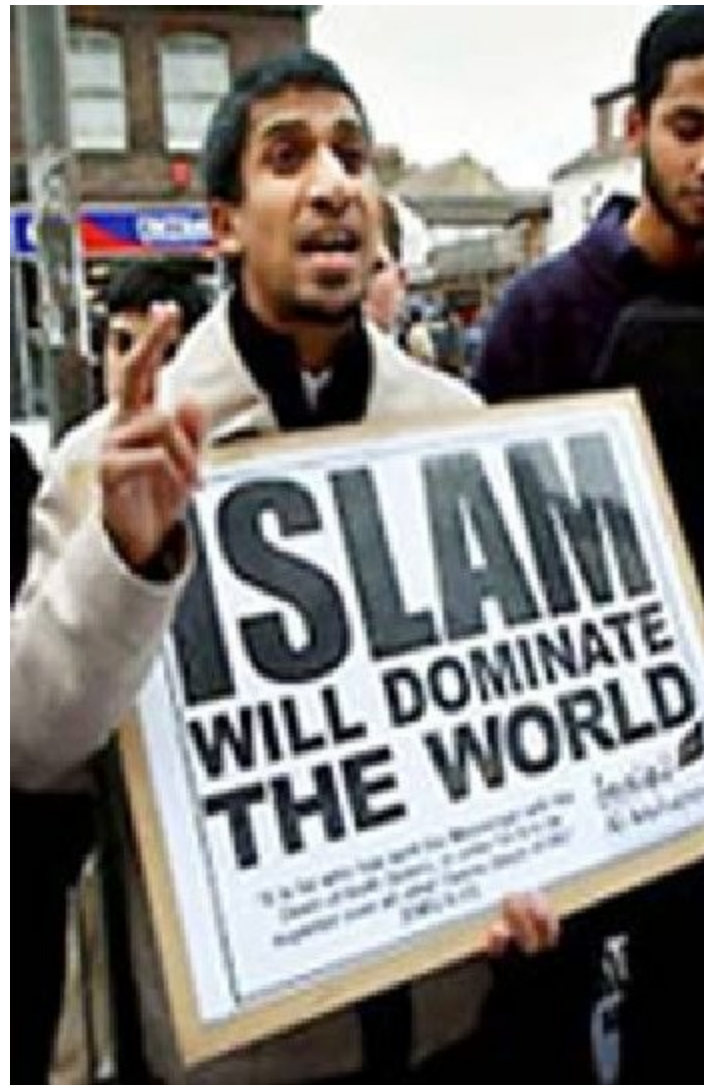

These pictures are of Muslims marching through the STREETS OF LONDON during their recent ' Religion of Peace Demonstration.

Why would anyone think that we should be at war with such nice, peaceful Muslims?!

You need to forward this one to everyone! ?These pictures tell it all! Muslims have stated that England will be the first country they take over!

These are pictures not shown on American TV or in American Newspapers, but were forwarded by a Canadian friend who thought all Americans ought to know!
