This has been sent previously also but it needs reminding over over again as some of the facts do not get digested by anti RSS and particularly the Congresses!

Mr. M K Gandhi's great grandson Shrikrishna Kulkarni's open letter to Rahul Gandhi in response to the Criticism that RSS had killed Gandhi...

Dear Rahul Gandhi,

Gandhi was my great grandfather. He was killed by Shri Nathuram Ji Godse.

Many inquiry commissions have researched the case and *none has implicated the RSS.*

My grandfather Ramdas Gandhi wrote to the then Home Minister, Sardar Patel to spare Sri Godse the capital punishment, our family had moved on even then...

but...just for your information...when Ramdas Gandhi lay dying in Mumbai (1969), Sri Gopal Ji Godse, the younger brother of Pandit Nathuram Godse did pay him a visit.

So as it stands, this issue is squarely in the past and my family has moved on....

....my humble suggestion to your folks, who own Congress (I) and your goodself...should move on *AND QUIT milking the name Gandhi and this issue for your selfish benefits.*

Have the magnanimity to *accept the verdicts of the various commissions.*

To keep harping that the RSS killed Gandhi is akin to saying the Sikhs killed your GRANDMOTHER...which would be such a petty falsehood isn't it?

A couple of guys don't make for a community.... So please stop this charade, stop this opportunistic usage of the Mr. Gandhi's name.

You are not from the Gandhi family. *You have fooled too many people for too long using Gandhi name in India. Stop it now.*

I am putting this in the public domain as someone from the Gandhi family has to call your bluff.
