

An Affidavit of Quitting Islam
(This is major part of suddhikaraNa vidhi)

I, (full name) _____,
residing at (full address) _____

_____, make this affidavit, and declaration to the world, with free will,
sober mind and without any pressure from any one, today
(date) _____,
at location _____,
in the presence of (check all that apply):

- ☐ a gathering in a Vedic temple
- ☐ a Vedic guru (spiritual master), or a poojari
- ☐ a public or private meeting of respectable Vedic people
- ☐ a judge in the court of law
- ☐ an attorney
- ☐ (other) _____

that I renounce Islam religion and culture.

The reasons for quitting Islam are:

1. My ancestors were Hindus who were forcefully converted to Islam. As there is now no force in free and democratic India for anyone to hold on to a particular religion, I feel there is no reason for me to hold on to my current Islamic faith.
2. India is a land of the Vedic dharma and culture since many millenniums. Islam has invaded here with force and brutality. My Hindu ancestors loved this land, its dharma and culture which were taken away from them by forcefully converting them under threat of death, and worse. I am born in this land and now want to return to my original ancestral Vedic religion and culture which my ancestors were denied.
3. While Gita (Hindu dharma) gives a lot of freedom of thought, speech and action, Islam (Koran, Hadith and Sira) does not give any such freedom

From now on I and my immediate family

1. will not visit any mosque, madressa, mullah, imam, or any Islamic religious authority like the Muslims do
2. will not visit to any Islamic pilgrimage place for religious purpose.

3. will not read Koran or Hadith as a faithful Muslims, and will not go to listen the recitation of Koran
4. will not celebrate any Muslim holidays
5. will not participate in celebration of any Muslim holiday
6. will not circumcise my children unless necessary for any health reason
7. will not behave like a Muslim in the social events like birth, death, marriage, divorce, etc.
8. will uphold and respect the common law of the Vedic land, and will not ask for any separate law as the Muslims ask for Shari'a
9. will give up dressing like a Muslim
10. will give up typical Muslim manners
11. may not convert to any religion, but if I do, I will choose a dharma (e.g. Hindu, Sikh, Jain, Bhakta, or Buddha dharma) that is grown in this Vedic land
12. will respect genuine Vedic gurus, saadhus and scriptures like the Vedas, Upanishads, 18 Puranas, six Darshan Shastras, many Smritis, Ramayan, Mahabharat, Gita, Tirukural, etc. I understand that Bhagavad Gita is the Book of Hindu dharma, and Hindu dharma is universal for mankind
13. will respect all Vedic Devas, Devies, or God
14. will respect the Vedic pilgrimage places, rivers like Ganga, Yamuna etc., mountains like Himalaya, Kailash, etc., temples like Jagannath, Dwarika, etc.
15. will not kill or eat cows because cows are considered very sacred in the Vedic culture
16. will not engage in any aspect of the cow meat business activity

I believe that my quitting Islam will bring peace to my Hindu ancestors and cause peace in Hindustan (Bharat).
